BRING BACK THE LAKE COMMENT SHEET

City of Muskego - April/May 2010

Please take time to write any comments/suggestions you may have about the lakefront development concept plans and/or the lakefront development planning in general. The City's Elected Officials will be reviewing and taking into consideration all comments received at upcoming decision making meetings. It is the City's desire to ensure that every individual has a chance to comment on the planning of the lakefront development before any decision is made.

Please remember that the concept alternatives are simply concepts. The plans serve two main goals: 1. To start enabling a vision for what the lakefront development could ultimately be, and 2. To start providing possibilities on what future costs may entail. If the lakefront development was to proceed in the future, the concept plans would most likely change to fit the needs of the community based on the many comments received herein.

Comments can be written below and dropped off or sent to City Hall at: *Com. Dev. Dept., W182 S8200 Racine Avenue, Muskego, WI 53150-0749*. Comments can also be emailed to zoning@ci.muskego.wi.us if you would prefer.

Note: Watch for an additional opportunity to provide comments/suggestions at a citywide public informational meeting in early May 2010.

Thank you for your time in this important matter for the future of Muskego!
